

Ashutosh Tiwari

Aspiring Software Developer with a strong foundation in HTML, CSS, JavaScript, React.js, PHP, and SQL. Recently completed a BTech in Software Development, eager to build efficient, scalable solutions while continuously improving technical skills.

Educational Background

Qualifications	Institute	CGPA / %r	Year
Bachelor Of Technology (Btech)	SHEAT College of Engineering and management	6.7 CGPA	2024
Intermediate	Shree Ram Janaki Dinakar Inter College	60.5 %	2020
High-School	Shree Ram Janaki Dinakar Inter College	69.8 %	2018

Work Experience

♦ College Projects

1. E-commerce Website Frontend
- Used **HTML** and **CSS** to design product pages, navigation menus, and user authentication screens.
 - Implemented **JavaScript** for dynamic elements like product filtering, search functionality, and shopping cart.
 - Ensured the website was mobile-friendly and optimized for cross-browser compatibility.
2. Personal Portfolio Website
- Utilized **HTML** and **CSS** to create a clean, visually appealing layout and responsive design.
 - Implemented **JavaScript** for interactive features such as smooth scrolling and dynamic content display.
 - Focused on **UI/UX** principles to ensure an engaging and user-friendly experience.

♦ Internship

Rusan Pharma

Sep 2024 - Present

1. Full Stack Developed (Exit Interview Form)
- Developed an Exit Form using **HTML**, **CSS**, **JavaScript**, **PHP**, and **SQL** for collecting and processing data.
 - Designed responsive **UI** with **HTML** and **CSS**, and implemented form validation with **JavaScript**.
 - Used **PHP** for backend processing and **SQL** for data storage and retrieval.
2. Full Stack Developed (Interview schedule Management System)
- Currently developing an Interview Scheduling System with an Admin Dashboard using **HTML**, **CSS**, **JavaScript**, and **PHP** for managing candidate interviews and scheduling.
 - Implemented **PHP** backend for data processing and integrated **SQL** for efficient data storage and retrieval.
 - Designed responsive **UIs** and enhanced admin functionalities with user-friendly features and data visualization.

Certifications

- Web Development
- Generative Ai
- Prompt Engineering
- DBMS (Database Management Systems)

Skills

Technical Skills

- Python, JavaScript, PHP, SQL
- HTML5, CSS3, JavaScript, React.js
- AJAX, JSON, Responsive Design
- Bootstrap, Tailwind CSS
- Wordpress

Tools/Software

- Visual Studio Code,
- XAMPP, PHPmyadmin
- Chrome DevTools, Notepad++
- Photoshop

Soft Skills

- Communication
- Teamwork
- Problem-Solving
- Adaptability
- Time-Management
- Self Motivated

Languages

- English (Fluent)
- Hindi (Fluent)

Online Courses and Workshops:

- Prompt Engineering, Cloud Computing,
- Excel, Generative Ai, Open Ai

Hobbies and Interests:

- Hiking
- Cricket
- Riding
